

WILSON BLACK WIDOW TAB

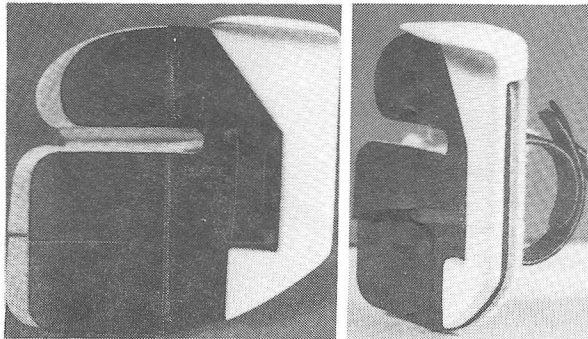

REGULAR MODEL

U. S. PAT. NOS. 2,974,319 — 3,608,090

The tab face is made of long wearing Corfam with a 100% pure wool felt backing. The backing acts as a cushion and absorbs perspiration in hot weather. The finger loop is adjustable and can be worn over a glove.

The "finger fenders" mean no more blisters, sore spots, or callouses. The lower photo shows the total protection received with the "finger fenders". Due to the patented design there is never any buckling or interference with the arrow. Available in five sizes, extra small, small, medium, large and extra large, right or left hand.

"Anchor Pad"

MODEL

U. S. PAT. NO. 3,604,407

Available in three sizes, small, medium and large, right or left hand. For an absolute positive anchor position every time, you can't beat the Wilson Black Widow Tab with Anchor Pad.

Materials used in construction of the anchor pad model are the same as for the regular tab with the anchor pad added.
